From Principal Stoltz

As our teachers at Crown of Life stress how important reading is to continue to grow academically and socially, you might also want to know how you can help your child become a reader.

Other than helping your children to grow up healthy and happy, the most important thing you can do other than making God the focus of your life is to help them develop their reading skills.

Reading is the foundation upon which all other subjects are learned. Teaching your children to become good readers will not only help them in school, but will benefit them throughout their lives.

How can you encourage your children to become readers? If they see the adults in their lives reading, they are more apt to be readers

too. Have reading materials available in your home. "A home without books is a body without soul," according to Marcus Tullius Cicero. Cicero knew the value of reading; in addition to being an accomplished poet, philosopher, rhetorician, and humorist he was the greatest forensic orator Rome ever produced.

Church Singing

Thank you to the Junior Choir for singing in the worship services on Sunday. Your songs of praise were so beautiful, and show a wonderful way to serve the Lord with our gifts. This Sunday, the kindergarten to second graders sing in the late service and the following week, grades 5-8 sing in the early. As Psalm 122 says, "I rejoiced with those who said to me, 'Let us go to the house of the LORD.' "

Monday, February 14

No School or Childcare

It's Scrip Week!

Orders are being placed this week for SCRIP. KWIK TRIP is offering 9% this month. Funds from these cards will benefit the gymnasium renovation project. Order forms for Kwik Trip are available by the church mailboxes or from Dawn Schaezner. Consider a card for yourself or as a gift for someone you love!

Built on the Rock

Science Fair!

This year, there will be a grade school science fair held at Kettle Moraine Lutheran High School along with Family Music Fest. **Fifth through eighth graders** will be required to each do a science project for our own Crown of Life science fair! All science projects will be due on **March 22**. All projects will be on display at Crown of Life! They will then be judged and chosen projects will go on to be displayed at KMLHS.

Please choose a topic and get approval from parents and teacher by **February 9!**

Mission Offerings

Lighthouse Youth Center

February 2--\$34.83

Sunburst Tubing

Our next COL Family Event...TUBING! It takes place at Sunburst – Tubing Chalet at 8355 Prospect Dr. in Kewaskum on **Friday, February 25**, from 5:00-7:00 p.m. The cost is \$17/person for a two-hour tubing pass. Please visit <https://shop.skisunburst.com/groups> -- Group Code: CLTUBE -- to sign-up, pay and fill out the required liability waiver. The sign-up deadline is 11:59 p.m. on **Friday, February 18**. 5K News

This Friday is our Valentine Party. Some moms will be coming to help us with our games and craft. Children may bring their valentines on Friday. Remember we have 9 children in our class. We will make a special Valentine bag at school to collect our Valentines.

This week in our Bible lessons we are learning about The Battle of Jericho and a man named Achan who disobeyed God's command.

In Science the Kindergartners are learning about Matter. We will be exploring the ways we can use and change paper and cloth. Our centers this week will have lots of materials for us to create things like puppets and paper sculptures.

First-Second Grade News

This week is almost a "normal" one for us. We are working with two-digit addition (without regrouping in first grade and with regrouping in second grade). In science we are learning about our skeletons and will be making a few projects showing what we are learning. We are starting a poetry study and will be learning about a few kinds of poetry and writing our own poems. Our Bible lessons this week talk of God's power and blessings that He showed the Israelites as The Sun Stood Still and the sadness it causes when people forget God's love in The Israelites Turn Away.

On Friday, we will celebrate with a Valentine's Party from 2:15 until the end of the day. Students are welcome to bring treats and valentines enough to include the entire class.

On Sunday, we will be singing in church at the late service. Please have your student meet in our classroom by 10:15. We will sit together until after we have sung and then students will join their families.

Third-Fourth Grade News

So excited to have all the reading projects in the room and to see the kids present them. They will also be put on display in the hallway for this coming weekend. Come and see!

In Bible study, the students are entering the time of the judges. How awesome to see how God constantly calls us back to Him. Memory treasures include 1 Corinthians 10:31, James 1:22 and the 6th Commandment. The hymn is #550:1. For grammar, the students will finish up their chapter with a test on Thursday.

Remember the Valentine's Day party on Friday afternoon. A list of names was sent to everyone to help with the valentine exchange. Thank you to all the parents who are helping to make this party so fun. Your help is so greatly appreciated!

Fifth Grade News

We have spirit! Yes, we do! We saw some wonderful dressed up students last week. Fifth graders also discovered in math that they have reached their 1000th day! In history, they have worked in groups making a Kahoot. In reading this week, we will read "The Black Stallion". Our Valentine's Day party is this Friday at 2:15! Looking forward, the 5-8 grade will sing in church at 8:00 on **February 20**.

Sixth-Eighth Grade News

This last week, we had Spirit Week! It was an amazing "Coat of Many Colors" week. We had a new doodle. We had many birthdays, including our very own AJ WOLF! We have a science test coming up, and we started presenting in history! Have a good week, and don't forget to bundle up!
