From Principal Stoltz

A couple of things this week....

1. We are changing how we report school closings. We will be emailing and texting you through our Powerschool grading program. This will give you a more up-to-date way of letting you know about school closings, delays, and other important announcements. You will not have to watch TV, listen to the radio, or look for announcements through Facebook. This will save us a lot of time and effort as well.

2. We are continuing to try and raise funds to update our school gym. Look for information later this week on our silent auction that will run **from March 9 - 23**. This will offer options for you to participate in and help to improve our gym.

Twosday 2/22/22

Tomorrow will be a special day of twos. Here at Crown of Life the students will be watching "Cars" (sequel) in the afternoon on our huge inflatable movie screen. Students may bring blankets or beach towels to spread on the gym floor to enjoy the afternoon movie.

Built on the Rock

Church Singing

Thank you to all the students, parents, and teachers for singing in church this past Sunday. Using voices in praise of our Savior is a fantastic way to serve the Lord with the gifts He has given us. Looking ahead to the month of March, preschool to 2nd grade sings for the 4:00 p.m. Lent service, and Junior Choir sings on **Sunday, March 13**, for both morning services. **Wednesday, March 23**, is when the Seminary Chorus is singing in the 6:30 service. Some students may be asked to join them for a song. Stay tuned!

Wednesday Aftercare

Aftercare students will attend the 4:00 p.m. Lenten worship services on Wednesdays. They will sit in the back of the church. Families are free to continue their planned pick up time, just understand our location will be in the church.

Warm Up with Music!

COL piano students will present a winter recital on **Wednesday, February 23**, at 6:30 p.m. in the church sanctuary. "Warm Up with Music!" is the theme. The piano students will be playing many different styles of fun music. All are invited to come and let the music help warm your long, cold winter.

It's Scrip Week (AGAIN)

Due to the Kwik Trip promotions end date of **February 25**, another Scrip order is being placed this week. Roblox (offering 7% rebate) is the newest product to join the Shop with Scrip Program. Consider getting on board to earn tuition credits or help with gymnasium renovations. Thanks to all who take advantage of this program.

Kwik Trip Order Forms Due

All students that helped with orders of Kwik Trip gift cards should return their order forms now. Students who achieved three orders or \$100 in sales will be entered into a drawing for a \$25 gift card of their choice (including Roblox). An additional challenge is underway between the Girls B Basketball Team, the Boys B Basketball Team and our upper grade team members who played at other schools. The final team is comprised of other students that asked to be part of the fun.

Get on Board

The American Heart Association is challenging all school families to GET ON BOARD with this year's Kids Heart Challenge. Formerly known as Jump Rope for Heart, the students at Crown of Life are embarking on their 8th year of challenging themselves to greater fitness through rope jumping, greater teamwork by working with others through rope jumping and turning, greater outreach by discussing matters of the heart with others, greater understanding of God's concerns for our hearts and greater compassion for those who struggle with heart ailments. Watch for more information through take home papers and emails. Parents and family members are welcome to join us in this year's challenge. Contact Belinda Matter with any questions. Volunteer help with PE classes or the challenge is always appreciated.

Two-Two Tuesday

On 2-22-22 the PE Classes will attempt all matter of "TWO" activities with jump ropes. Any students that do not have PE may submit their "TWO" activity to be eligible for prizes. The activities must be done on Tuesday and should be given to Mrs. Matter by Tuesday evening via phone at 262 424-5055 or email at Belindamatter@gmail.com. Happy TWOING!

Ice Cream Buckets Needed

We are in need of the big five-quart ice cream buckets with covers to use in the kitchen for scraps. So we don't end up with 100 buckets ☺, please just send **one** per family to school if you have any to share. Thanks for helping!

3K-4K News

Bible Time

- Jesus Blesses Children, Matthew 19:4
- "God Loves Me Dearly"

Movement Time

- We will be reviewing how to make a bridge with our bodies!
- They will also work on building a table with our bodies.

Music Time

- Continue working on a steady beat and matching pitch
- Music class with Mrs. Strey on Wednesdays

Small Group Time (KDI is SCIENCE)

- (M) Students will mix water and oil with eye droppers and will predict what they think will happen when we add various items
- (T) We will be using our sensory table with magnets! Can you find a magnet in our room?
- (W) Students will experiment with mixing colors!
- (TH & F) What will sink or float in our sensory tub?!

5K News

The kindergartners have been learning many things about maps in Social Studies these past few weeks. We are asking our friends and family members who live in different states to send us pictures of themselves in their state. It will be exciting to see the different landforms in those states as we put them on our big map.

Also in Social Studies we will have some fun with Treasure maps. Maybe we will have to use our treasure maps and find a real treasure at school???

The kindergartners are practicing a new song 'Lamb of God,' that we will be singing at the 4:00 p.m. Lenten service on **March 9**. More details in the next newsletter about that afternoon.

First-Second Grade News

This week in first and second grades we are going to learn about Samson and how his gifts came from the Lord. We are also going to talk about how our gifts and abilities come from the Lord and how we can use them to serve and honor the Lord. We will continue to work on writing poetry and rhyming words. In science we are going to start talking about our muscles while in social studies we will examine differences between life in our country in the past and life today.

We are preparing our song for singing in church on March 9 at 4:00 p.m. Please let Mrs. Grivno know if your child will not be able to participate.

Third-Fourth Grade News

The students have a big week ahead of them. On Tuesday afternoon, they will enjoy the twos by watching a movie with the rest of the school. Then on Thursday morning, they will travel to see the Milwaukee Symphony Orchestra. Composers being enjoyed include Beethoven, Stravinsky, Handel, Tchaikovsky, and Dvorak. What an opportunity for the students to experience!

On the academic side, spelling gets back on the schedule with a test on Thursday. Bible study focuses on Ruth, with memory treasures including Ephesians 2:8-9, Matthew 7:7, and the 8th Commandment. Beautiful Savior, hymn 522:1 is also being recited. Recitation of the multiplication tables begins this week as well. The two's table is first, followed by each of the numbers in order. Keep on studying!

Finally, this is the last call for book orders. They need to be in by **Thursday, February 24**. The classroom code is GLJD4.

Mission Offerings

Lighthouse Youth Center

February 16--\$49.14

Fifth Grade News

Thank you to those who were able to be here yesterday to sing "Love Is". You did a wonderful job! Looking forward to this week, Tuesday is 2/22/22, and we will be having a movie day in the gym! Students are allowed to bring a blanket or pillow to sit on. Then on Thursday we are going on a field trip to the symphony!

Fifth graders will have a grammar test on chapter 10 and a spelling test for lesson 21 this week. They are working on writing a book review. This may mean they will need to do some additional reading at home in order to finish reading their book. In science, we are studying rocks and minerals. This week's hymn is 522, verses 1 and 3, "Beautiful Savior".

Sixth-Eighth Grade News

This last week, we had Monday off! In Math, we have continued our studies, and 7th and 8th grade had a math test on Friday. In Grammar, we got a new "Melting Ice Cream Doodle," and we had a Grammar test on Wednesday. We have continued reading "Diary of a Young Girl" by Anne Frank. We made it to page 280. We also had a worksheet. In Science, we have started learning about animal classifications. It's starting to warm up, but you should still wear your winter coat, and only go outside when the temperature is above your age! Just kidding. All for now!
