Students will get to make letters with popsicles sticks, shaving cream, sticks and more! We will also have a letter hunt in the room. Students will continue to work on kicking a ball with a partner or at a target.

Kindergarten News

The Kindergartners did a fantastic job on Friday night! Their hard work showed! Performing in front of a big crowd also takes a lot of courage! I am very proud of them. Well done, everybody!

This week is the end of Quarter 3! The year has flown by! We have one more quarter to solidify all that we have learned in kindergarten! Continue to read the stories that come home and practice the sight word cards too! It does make a difference!!!

Also, please continue to mark your child's church attendance on the orange colored sheet.

First and Second Grade News

First and second grades are wrapping up units on the human body in science and in cultures in social studies as we wrap up the third quarter. Since it is a short week, our spelling packets will be due on Thursday.

This month students who wish to bring a show and tell can bring an item that is green or that reminds them of springtime.

Mission Offerings

Third and Fourth Grade News

How wonderful was Friday night! The students truly showed their amazing gifts and talents. Another opportunity to use God's gifts is this Sunday, March 17.

Grades 3-5 will be joining the adult choir in singing two songs. Students are asked to sing in both services if possible. Please meet in church by 7:40 a.m.

For this last week of the quarter, schedules should be closer to normal. That means Bible study continues with the life of King David. The memory treasure for Tuesday is Galatians 5:13. There is also a grammar test on Tuesday. There will not be a hymn for Wednesday nor a spelling test this week.

Fifth Grade News

Only a four day week! Entertainment Night was super fun and turned out great! Now back to a normal routine. This week, the 3rd Quarter ends on Thursday. Also on Thursday, students need to have their Science Fair Project idea ready to go. This week will be a calmer week and not as many tests. We are starting Chapter 9 in Grammar, which introduces Pattern 3. In Science, we are going to be looking at Life Science now, and that'll take us to the end of the school year. Finally, we are over halfway with "Number the Stars" and will be finishing up the book next week. Have a good week ahead!

Sixth – Eighth Grade News

Thank you for coming to our show. We hope that you enjoyed it. The students all cooperated and worked hard to make the show a success. What a great group of kids! Can we say that things are back to normal now that the show and rehearsals are done? Most likely not! Especially with pre-teens and teenagers in the class.

Sixth grader, Michael McLaughlin, is the student for the week. He lives in Richfield with his sister Nora and a cat named Milo. His line in our musical was "The Ultimate Superstar" that Mrs. Davis brought to see our show!" in reference to the arrival of the missionary. He did a fine job with his delivery and always with a smile on his face. Mike has a lot of favorites including football, the color blue, Chinese food, and the TV show "Young Sheldon." But more than anything Michael enjoys hunting and fishing and in the future would like to be a farmer and own a farm with his friends, just so they can spend as much time as possible outdoors.

Crown of Life works to educate and equip children for lives of Christian service and for eternity.
