Track Meet Departure Times

Wednesday, May 11, is the KML grade school track meet for the 14 federated grade schools. taking place at KML. High jumpers will depart from school at 2:30 p.m. The remainder of the team will depart from school at 3:10 p.m. Please note that road closures on Hubertus may impact travel. Options include coming from the west and using the more western Tally Ho Trail to get to school OR parking at the town hall parking lot and walking across the street to gain access to school. Field events start at 4:00 p.m. and will be open for two hours, so no need to stress if delays in getting to KML occur. Often there is a delay in entering the KML grounds due to high volume as well. Please report to the team camp upon arrival. It will be on the hill next to the track somewhere. Look for our COL camp sign. Safe Travels!

Track and Field News

All members of the track team should have received paperwork on Tuesday with the LineUps for the meet. Please contact Coach Matter if you did not receive it. All track members should check in upon arriving at the meet. Kaylee Bennett and Ava Neu are serving as managers so please let them know you are on site. All athletes should also check out before leaving the meet. The forecast is for warm weather and the meet often goes long. Concessions will be available, but healthy snacks are always beneficial. The team is 20 athletes strong. Contributions of team snacks is always appreciated. Sunscreen is also beneficial. UNIFORMS please return unlaundered uniforms in the bag with the athletes name on it. All uniforms will be laundered together to try to extend the life of the uniform. Thanks for helping with the care of the uniform.

The track team will celebrate the season with a breakfast at school. Watch for more details.

First-Second Grade News

We are so excited. Our field trip is this Friday. Students need to remember to pack a cold lunch and water bottle. Because of our field trip and short week, we will have no spelling list this week. Next week will be our last spelling list and homework of the school year. We will still be having memory work this week and the final two weeks of school.

Thank you to everyone who came to see our play. We had such a great time working on it and performing. Special thanks to Eileen Pape who donated the materials, time and skills to make the adorable props.

Thank you to all of you for the kind and thoughtful gifts and the amazing support during Teacher Appreciation Week and every day throughout the year. It is a blessing to serve your families.

Third-Fourth Grade News

Wow, what a fun time at Entertainment Night. The students did a great job! So very proud of everyone! Thank you also to EVERYONE for the many gifts and treats this past week and even before. Your kindness and generosity is truly amazing!

So, now there are three weeks left to get everything accomplished. This week the students will continue their Bible studies with lessons on the Fiery Furnace and Daniel. The memory treasure for Friday is Romans 6:23. Focus in math goes back to the multiplication tables, multiplying with bigger numbers, and division. The older grades continue a financial activity. Keep an eye on the

assignment book as we get back into a more normal schedule.

On May 23, the class will be heading out for a field trip at a historical school site as well as some miniature golfing. Thankfully, there seems to be more than enough drivers and chaperones to help make this trip a success. Now to pray for good weather! Also, if you have not turned in the permission form, please do so by the end of this week.

Fifth Grade News

Thank you, fifth graders, for all your hard work and practice! You were awesome! Willy Wonka was a great success!

Thank you, parents, for all the meals, treats, and gifts during Teacher Appreciation Week! I appreciate all of you and your thoughtfulness!

Without practices, our schedule will be back to normal this week. There will be a spelling test on Friday. We are also finishing our science chapter and grammar chapter this week. Enjoy a warm week...because you never know what the next week will be like in Wisconsin!

Sixth-Eighth Grade News

Last week in math class we started a website called Banzai. Banzai teaches you about money. In Spanish class we cooked Empanadas, which are meat and cheese in a tortilla wrapped up. We also started presentations on cities in Spain. Last week we also had our Willy Wonka play. Everyone did great! Have a great week!
